Looking for an international billionaire romance that will sweep you off your feet? Look no further than The House of Lee, a captivating tale of love, power, and redemption.

The story follows Ethan Lee, a ruthless billionaire who has everything he could ever want—except for love. When he meets Isabella Rossi, a beautiful and intelligent woman from Italy, he is instantly smitten. But Isabella is not interested in Ethan's money or power. She wants a man who will love her for who she is, not what she has.

Ethan is determined to win Isabella's heart, but he soon realizes that it will not be easy. Isabella has been hurt by love in the past, and she is not

willing to give her heart to just anyone. But Ethan is not one to give up easily. He is used to getting what he wants, and he is not about to let Isabella slip away.

As Ethan and Isabella spend more time together, they begin to fall in love. But their love is not without its challenges. Ethan's family disapproves of Isabella, and they do everything they can to keep them apart. Isabella's ex-boyfriend is also determined to win her back, and he will stop at nothing to get her.

Despite the challenges, Ethan and Isabella's love for each other grows stronger with each passing day. They learn to trust each other, and they find strength in each other's arms. In the end, love conquers all, and Ethan and Isabella find their happily ever after.
