

Complete Step-by-Step Guide to Learn How to Make Easy Friendship Bracelets

Friendship bracelets are a wonderful way to express your creativity and show your loved ones how much you care. They're also a fun and easy craft that's perfect for all ages. In this guide, we'll walk you through everything you need to know to make easy friendship bracelets, from choosing the right materials to tying the perfect knot.

To make friendship bracelets, you'll need the following materials:

- Embroidery floss or other thin cord
 - Scissors
 - Measuring tape or ruler
 - Masking tape
 - A clipboard or other way to hold your cords in place
1. **Choose your materials.** The first step is to choose the materials you want to use for your friendship bracelets. Embroidery floss is a popular choice because it's available in a wide range of colors and it's relatively inexpensive. You can also use other thin cords, such as leather cord, yarn, or even dental floss.
 2. **Measure and cut your cords.** Once you've chosen your materials, you need to measure and cut the cords to the desired length. The length of your cords will depend on the size of your wrist and the type

of knot you're using. A good rule of thumb is to cut your cords about 2 feet long.

3. **Tape the cords together.** Once you've cut your cords, you need to tape them together at one end. This will help to keep them organized and prevent them from tangling.
4. **Attach the cords to a clipboard or other holder.** Once your cords are taped together, you need to attach them to a clipboard or other holder. This will help to keep them in place while you're working on them.
5. **Start knotting!** Now you're ready to start knotting your friendship bracelets. There are many different knots you can use, but the most basic knot is the square knot. To tie a square knot, follow these steps:

* Cross the left cord over the right cord. * Bring the right cord up

6. **Continue knotting until your bracelet is the desired length.** Once you've started knotting, continue until your bracelet is the desired length. Make sure to keep your knots tight and even.
7. **Finish off your bracelet.** Once you've finished knotting, you need to finish off your bracelet. To do this, simply tie a knot at the end of your cords. You can also add beads or charms to your bracelet for a personal touch.

Here are a few tips for making friendship bracelets:
