*She Would Be King: A Novel* is a captivating historical fiction novel that explores the life of Catherine de Medici, a powerful and influential woman who played a significant role in French history during the 16th century. The novel offers a rich and layered portrayal of Catherine, highlighting her resilience, ambition, and the challenges she faced as a woman in a patriarchal society.

Catherine de Medici was born into a prominent Italian family in 1519. At the age of fourteen, she was married to Henry, Duke of Orleans, the second son of King Francis I of France. Henry became king in 1547, and Catherine became queen consort. However, Henry's reign was short-lived, and he died in 1559, leaving Catherine as regent for their young son, Francis II.

Catherine's regency was a tumultuous time in French history. The country was embroiled in religious wars between Protestants and Catholics, and Catherine was forced to navigate a delicate balance between the two factions. She also had to contend with the ambitions of her own family members, who were eager to secure their own power.

Despite the challenges she faced, Catherine proved to be a skilled and determined ruler. She was a master of diplomacy and intrigue, and she was

able to maintain her grip on power for over thirty years. She also played a key role in the development of French Renaissance culture and art.

*She Would Be King* is a fascinating and immersive novel that brings the world of Catherine de Medici to life. Wayétu Moore's writing is rich and evocative, and she does a masterful job of capturing the complexities of Catherine's character. The novel is a must-read for anyone interested in history, female empowerment, or simply great storytelling.

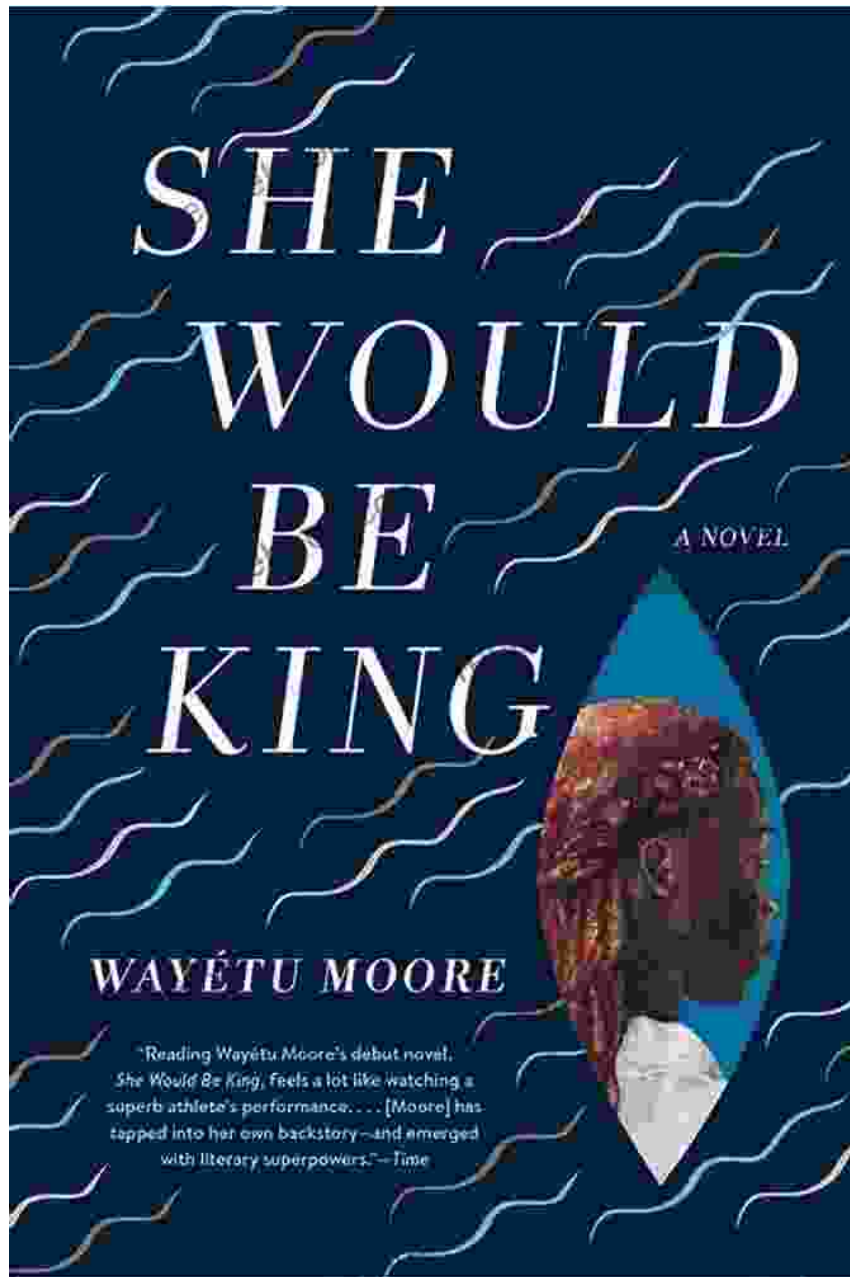

### **Praise for *She Would Be King***

"A magnificent novel that brings Catherine de Medici to life in all her complexity. Wayétu Moore is a rising star in historical fiction, and *She Would Be King* is her masterpiece." - **Isabel Allende**

"A tour de force. Moore has written a novel that is both epic and intimate, a sweeping historical narrative that is also a deeply personal story of a woman's struggle for power and identity." - **Colson Whitehead**

"*She Would Be King* is a triumph. Moore has created a rich and complex portrait of one of the most fascinating women in history. This is a novel that will stay with me long after I finish it." - **Hanya Yanagihara**
