## Troubleshooting Common Embroidery Problems

\* **Thread breaks:** Adjust the tension of your embroidery hoop or try using a different type of thread. \* **Uneven stitches:** Check if your fabric is stretched evenly in the hoop and ensure you're using the correct needle size for the thread. \* **Puckering:** Avoid over-tightening the fabric in the hoop. Use a water-soluble stabilizer or a light backing fabric to prevent puckering. \* **Fabric tearing:** Use a sharp needle and avoid pulling the thread too tightly. If the fabric is delicate, use a finer needle or stabilize it with a backing material.
